Advanced Rorschach: Scoring and Interpretation
Morristown, NJ April 7-9, 2006

This 3-day Advanced Program (Friday through Sunday) is open only to those who have prior experience with the Rorschach using the Comprehensive System. The focus of this program is on both scoring and interpretation with emphasis on the tactics of cluster analysis. Three of the six records are scored in advance of the workshop by participants and two of the remaining three are scored as homework during the program. The scoring for each record is carefully reviewed during the three days. Each case is interpreted to develop a meaningful picture of the personality of the individual. Time is afforded to illustrate the use of the test in various situations in which personality description and/or diagnosis form the cornerstone to address issues of intervention planning and/or disposition.
